TEC-Life 8

Seniors 48

Freshman 68

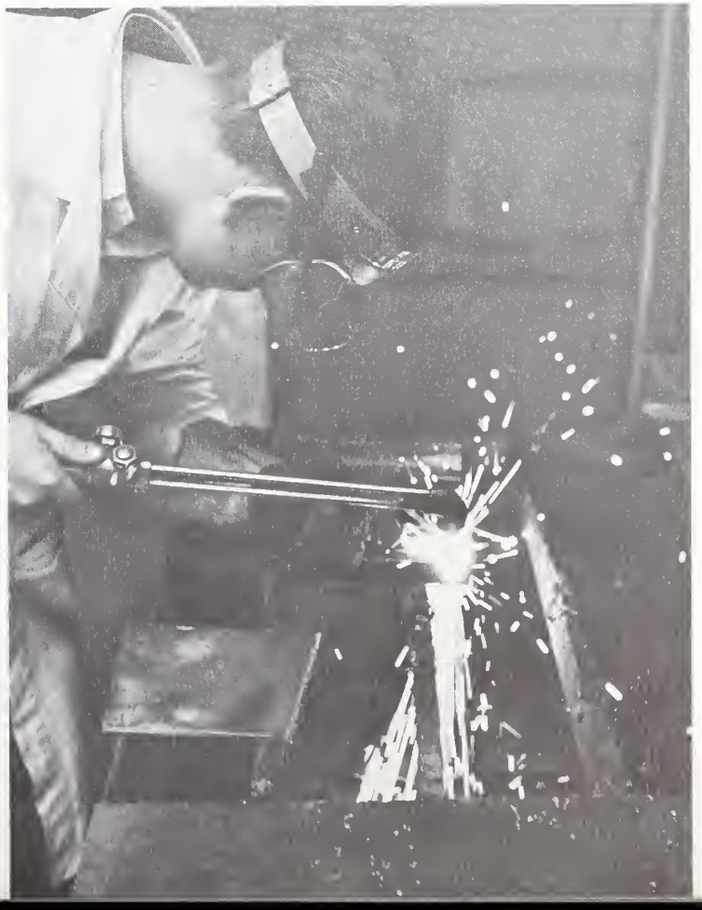
Student Activities 114

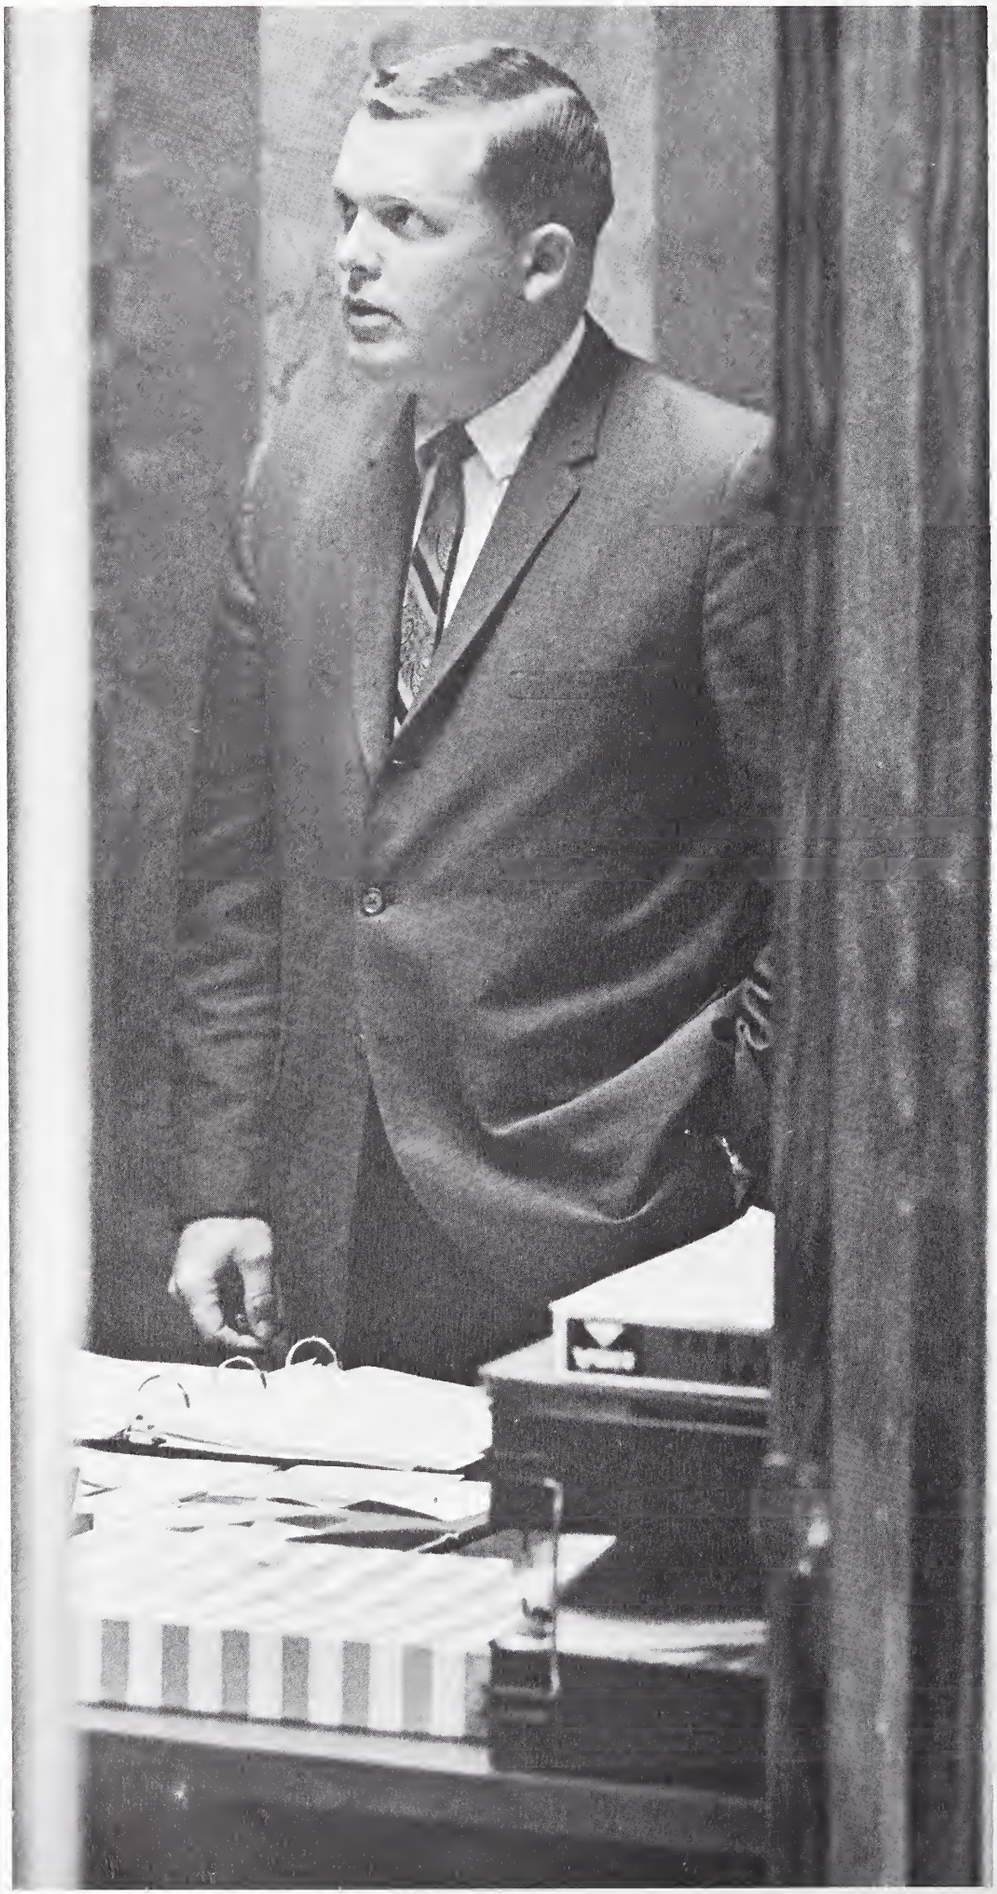
Administration 132

Faculty 146

Academic 172

The beginning of each school day brings life to the growing campus of the Greenville Technical Education Center in Greenville, South Carolina. Students come to classes designed for their future needs in each particular vocation. Working together establishes ideals and ideals become goals. Goals for the future are the basis of Greenville TEC. We dedicate this book to you, the students, for making TEC what it is and what it will be.





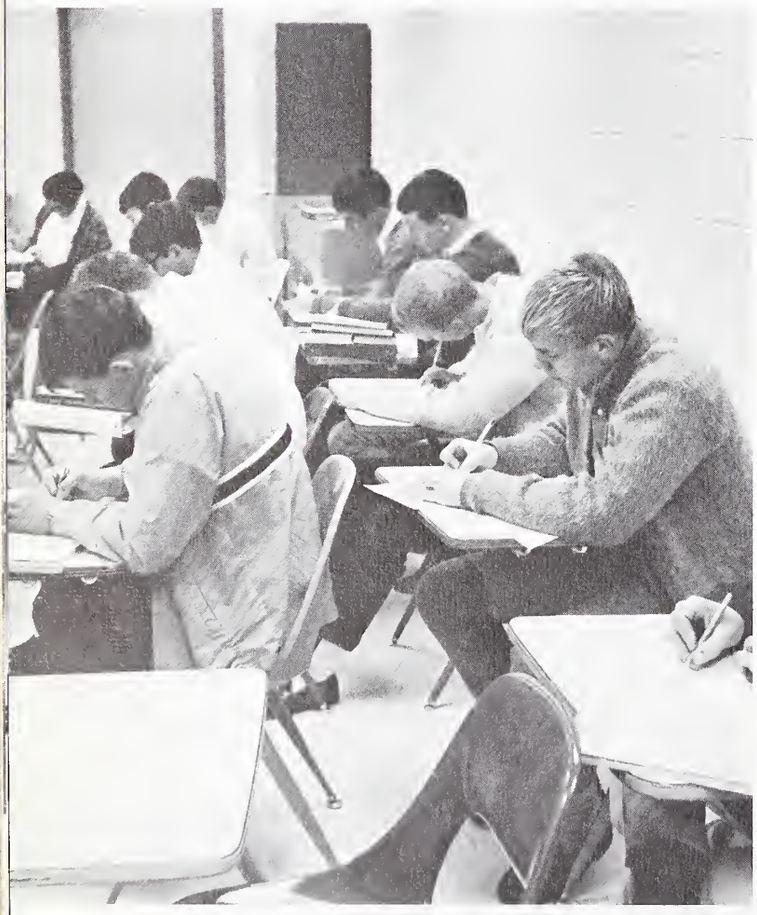
Special Tribute

The annual staff would like to recognize Mr. James Moorehead as an advisor and friend to the students this year. Mr. Moorehead has counseled the students individually and in groups. He is definitely interested in each member of the student body.

We deeply appreciate his advise and consideration for everyone. For all you have done for us, Mr. Moorehead, we pay this special tribute.

TEC-Life

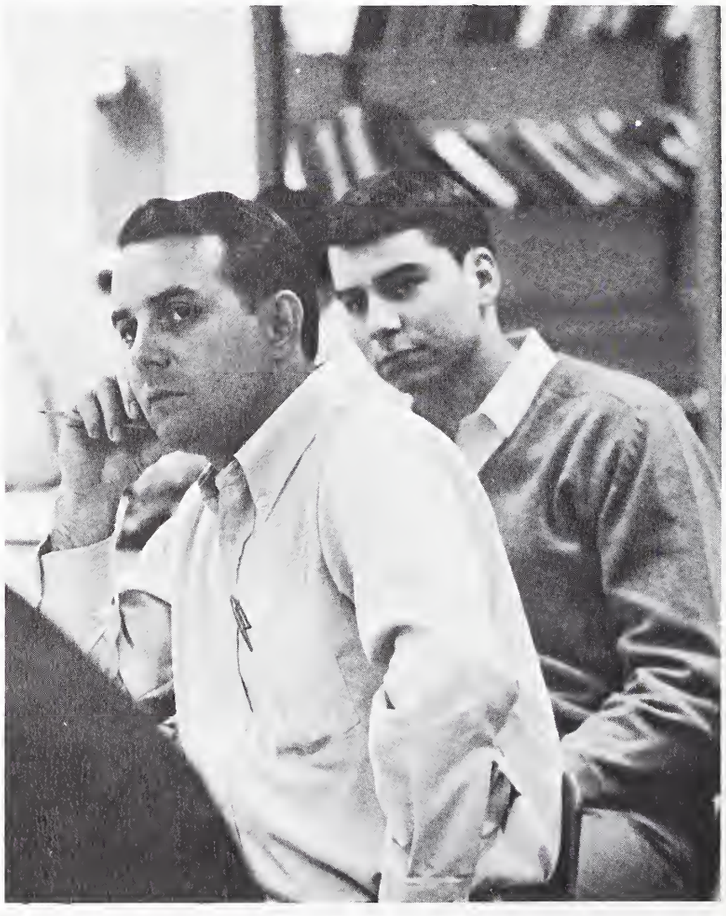
Day After Day After

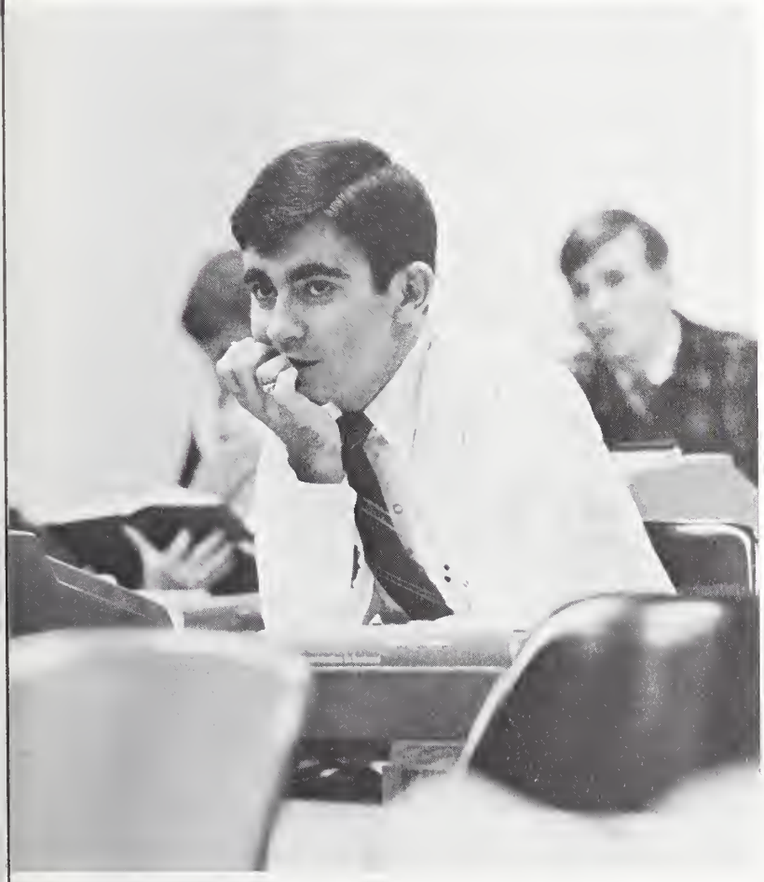


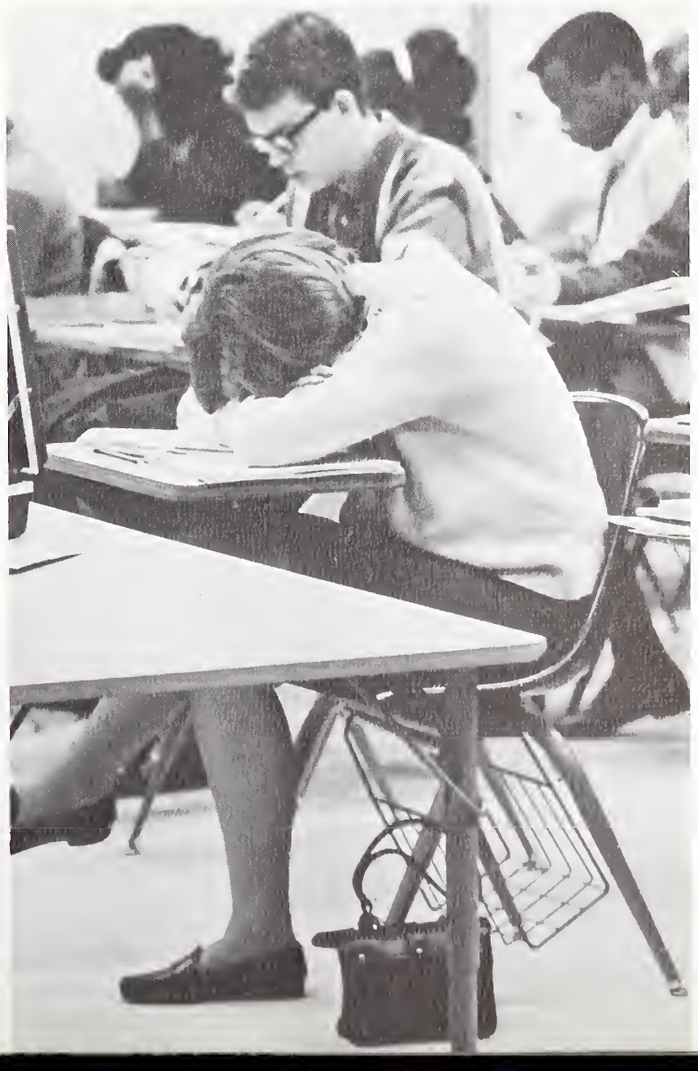
Day

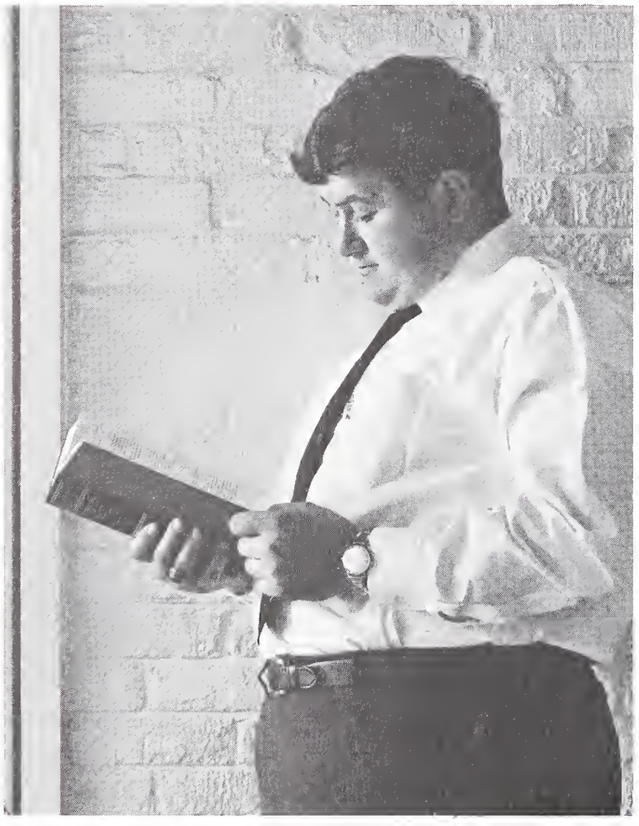
In the midst of everyday hustle, walking down the same halls, day after day one finds new faces appearing. People from all over the upper South Carolina area have come to TEC. New friendships have been formed and acquaintances have been many. The companionships between student and student, and instructor and student comprise TEC life.

Boredom Is. . . .









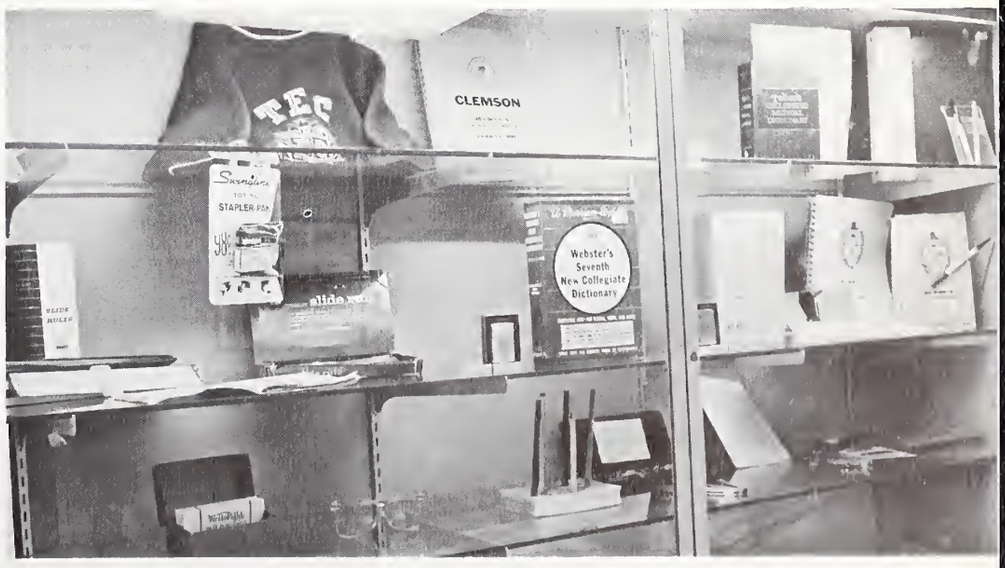
Nobody's too big to study.

"I hope my Holloween costume is as good os yours!"

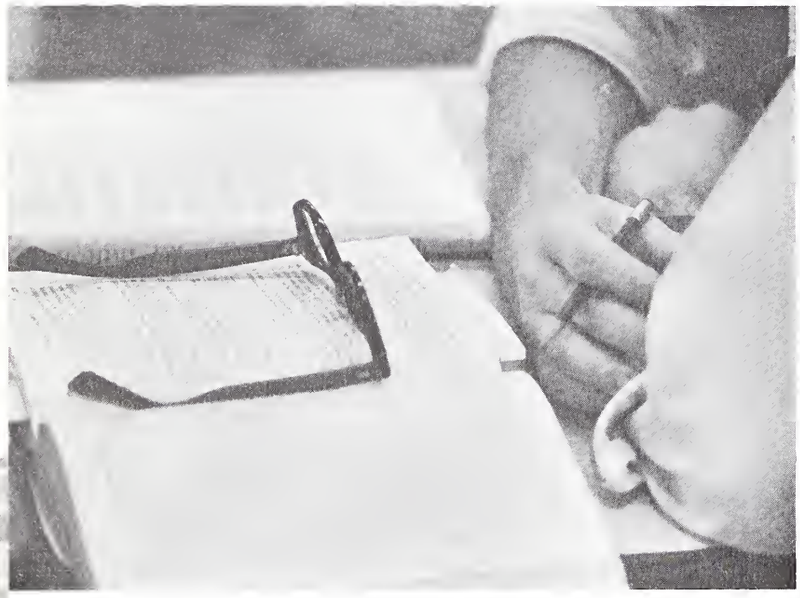
Second Shift.

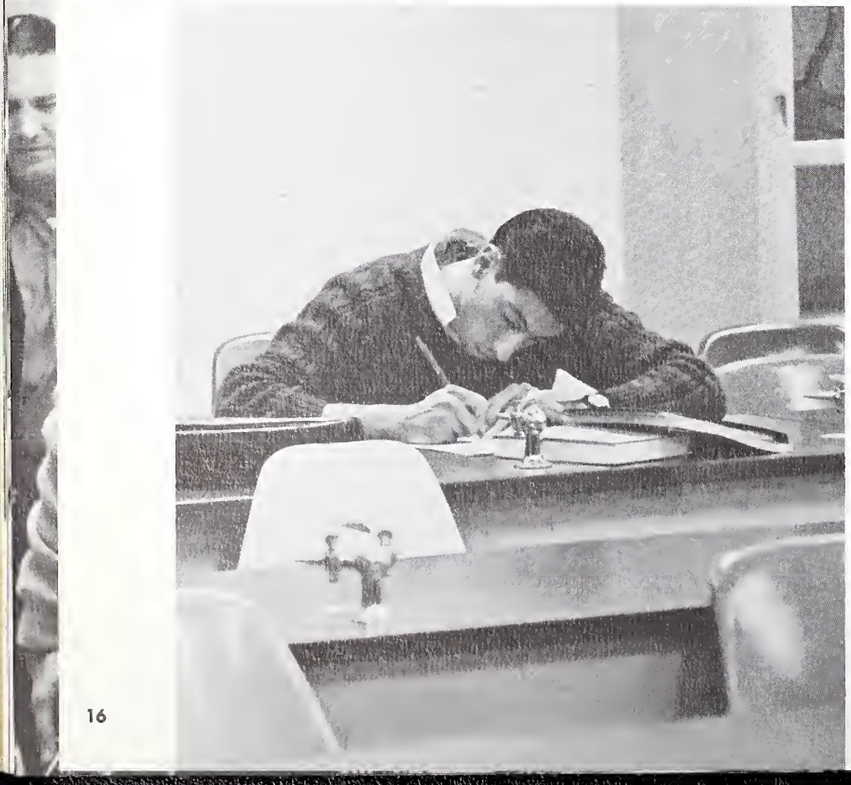
"Fix them up, roll them out!"

"I thought it was simple."

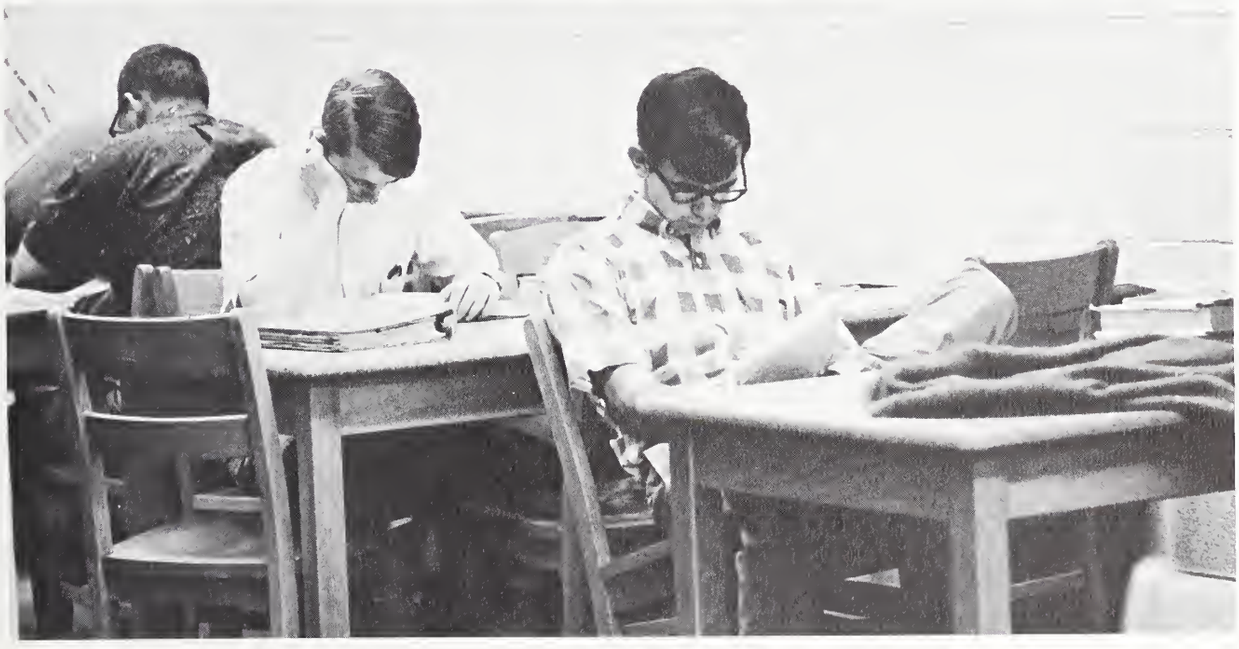


"Smell pretty!"





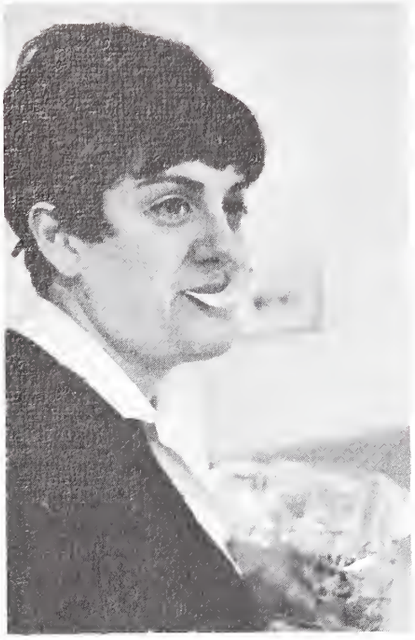
All Work and No Play



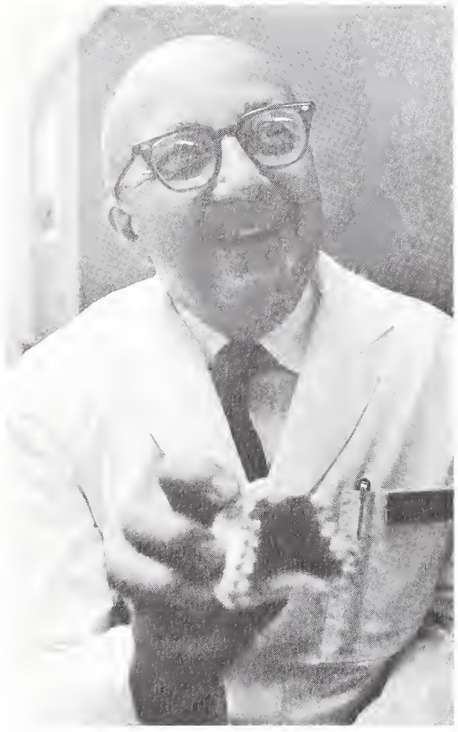
Excellence at TEC Wears

Many Faces

Hours Between Classes Compose Time for Living

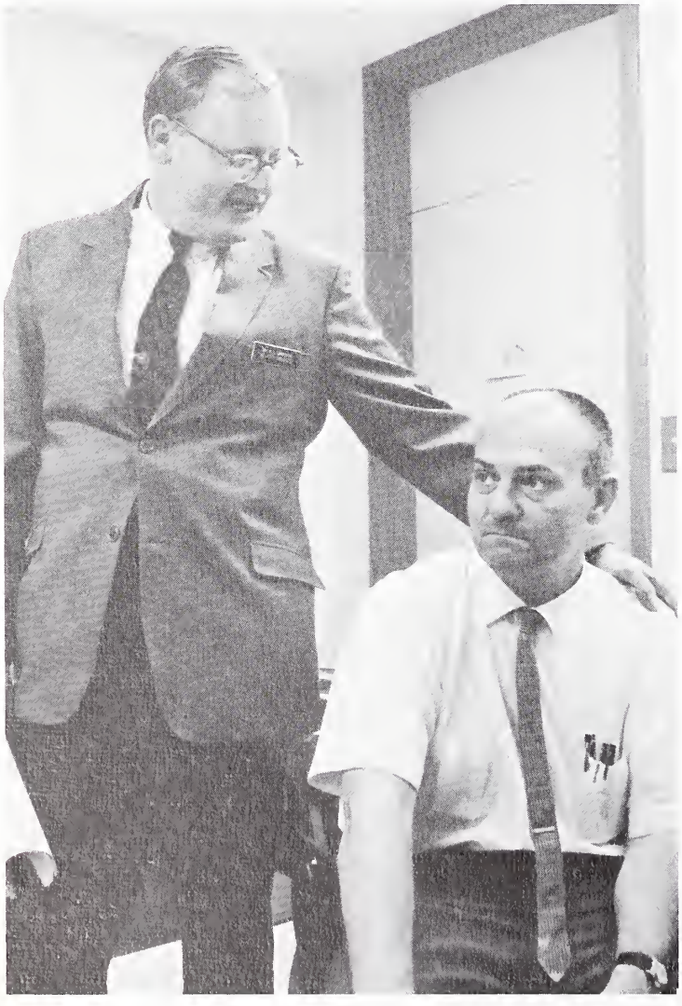


This Is Living . . . . . the TEC Way



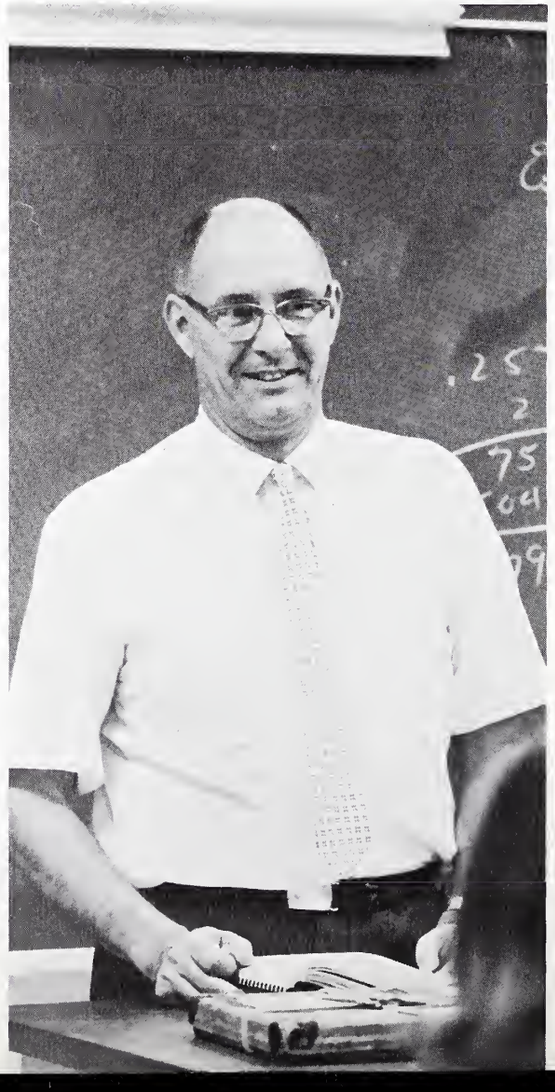
A remate for Miss Bringham.

Well, if four is a crowd . . .



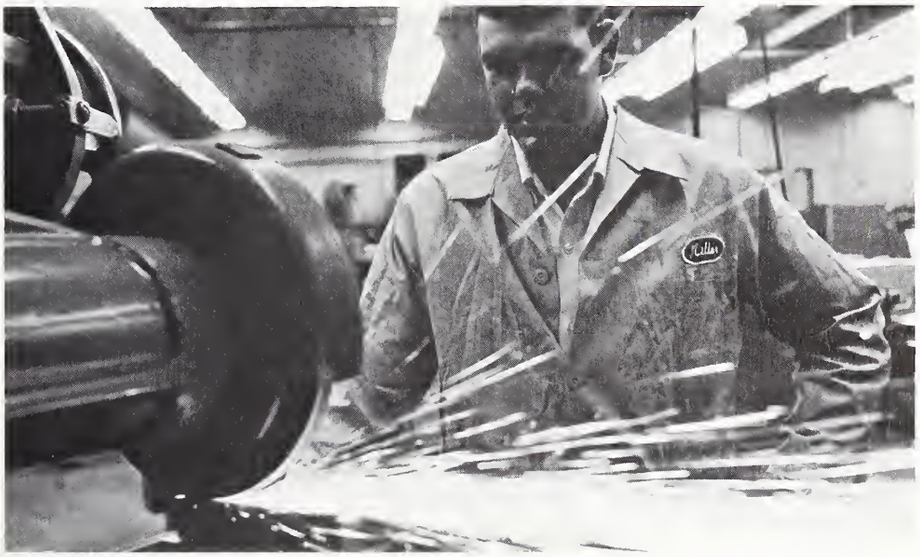
Clifford at a loss for words.

Now in the Orient . . .

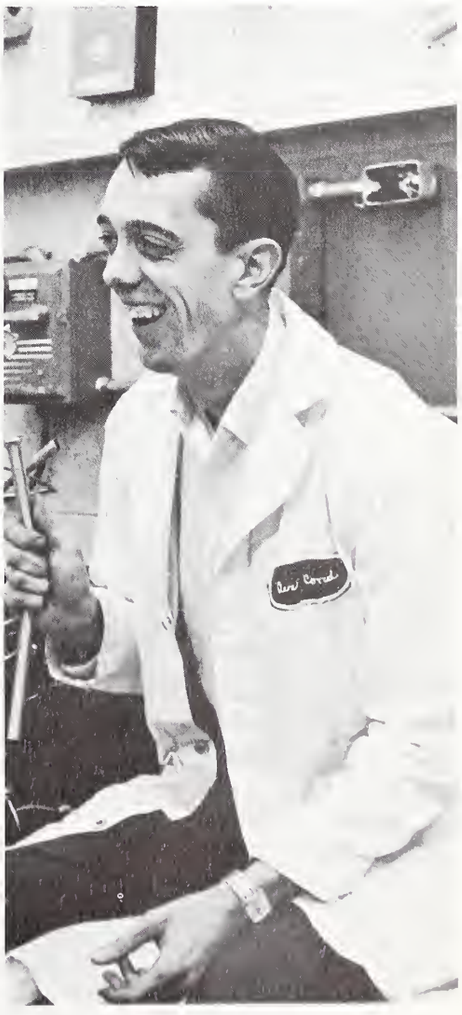


I need some chalk.

Hope in the limelight.

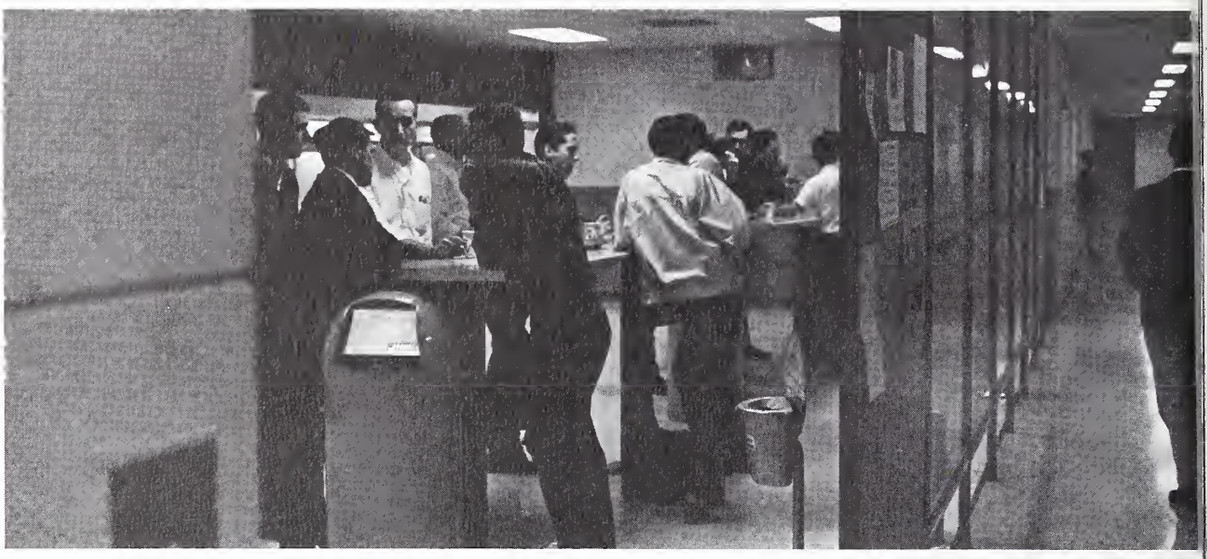


Back to the old grind.

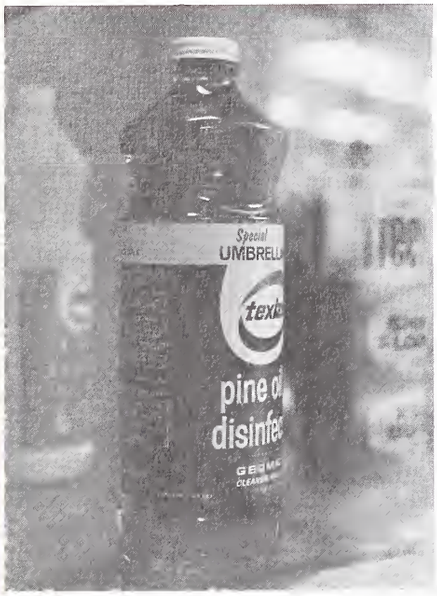


And then the traveling salesman said . . .

New Acquaintances Enliven TEC Life



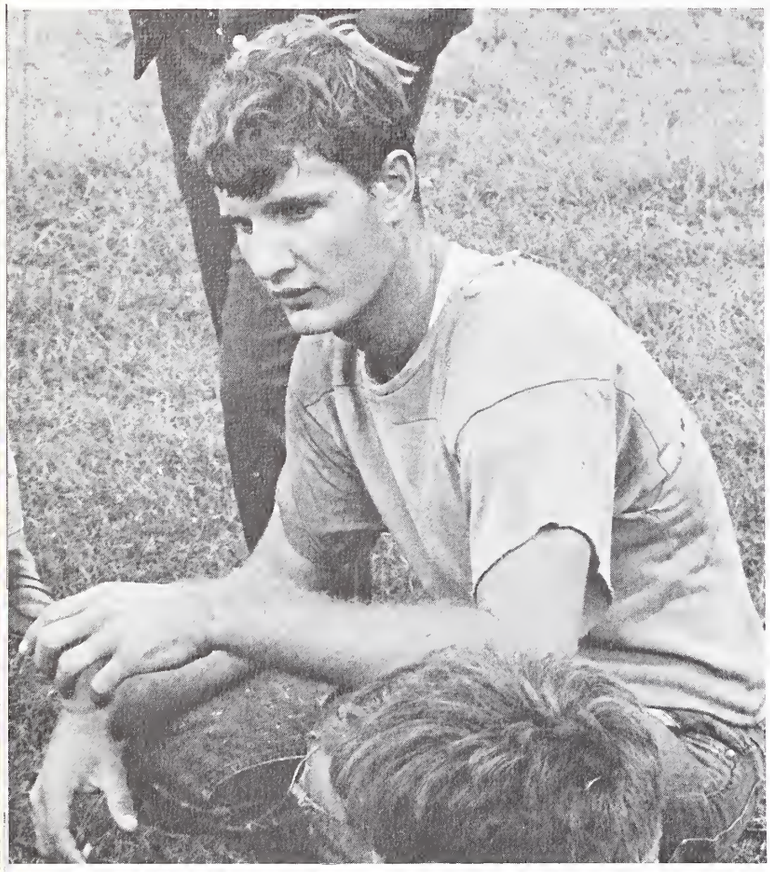
Youthful Efforts Draw



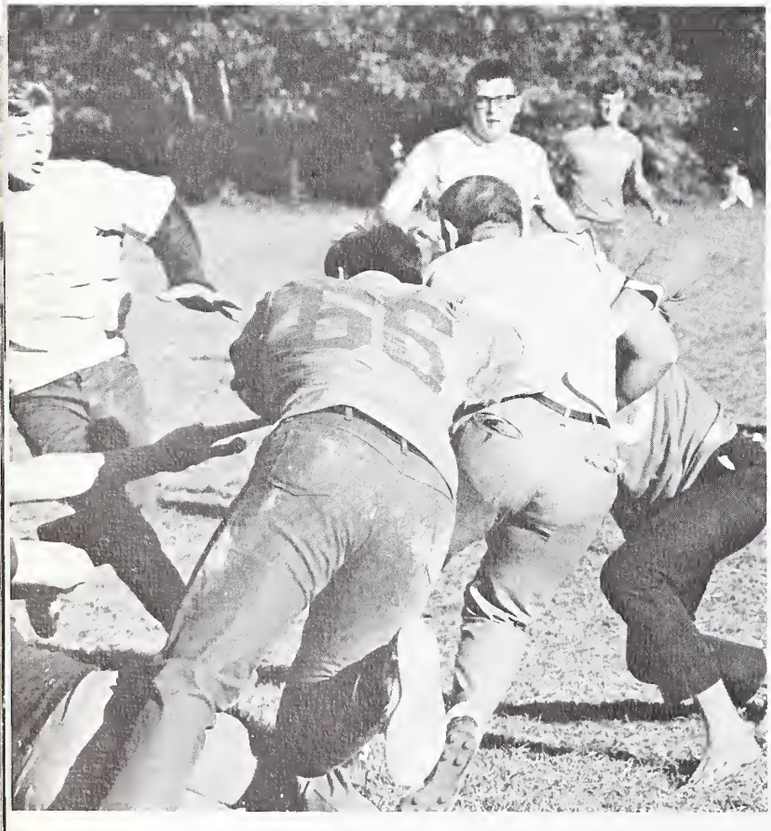
Funds

On January 27, 1968, the Greenville TEC student council sponsored their first car wash. Many students volunteered their services for almost six hours to help wash 155 dirty cars. The students working together realized their capabilities when the council netted over $155.00. All credit goes to Texize for donating the raw materials for the soap and to all the students who helped make the car wash a success.

Game Arouses Interest in Sports



Blood, sweat, tears, and defeat.



at TEC

This year TEC experienced its first athletic endeavor by playing the Clemson Extension in a football game at Manly Field. The TEC students proved that they could work together on the playing field as well as in the classroom.

Although TEC lost the game, school spirit was instilled in the student body. Interest in the football game grew among the faculty as well as the students. All boys who played so hard for their school deserve many thanks for their time and devotion to TEC's first football team.

You take the ball and run like . . . .

Where is the opening?

Dancing the Hours

Away

TEC's second annual Christmas Dance and Beauty Pageant was held on December 2, 1967, in the Greenville Memorial Auditorium. Music was furnished by "Ace and the Unknowns." Twenty-five beautiful girls from various departments competed for the titles of Miss Greenville TEC, Miss Yearbook, Miss Senior Class, Miss Freshman Class, and Miss Congeniality.

Student Council

A group of thirty-eight students representing all the departments at Greenville TEC comprise the Student Council. This is the governing body of the students. The council has planned two dances, a car wash, a raffle, and other activities. They are also in charge of patroling the parking lot and the issuing of parking tickets.

Betterment of the student government, improvement of student morale, and complete representation are the goals of the Student Council.

Long Hours to Success

Lavina Messer, Editor

The individuals responsible for compiling and formulating the 1968 TEC-nique is the Greenville TEC annual staff. Sponsored and advised by Mr. Bill Garrison, this group has spent many long hours giving their best to this yearbook. With the constant influence of other students, instructors, and administration the staff is confident of the success of this annual.

Center's Visitors Receive

Governor Rockerfeller signs in

Now, show me TEC!

A relaxed moment during tour

Over excitement about TEC

Red Carpet Treatment

Anticipation of tour

Cordial welcome is by word for TEC's administration, faculty, and students as visitors come from near and far to study advancements of TEC's program.

Visitors range from political delegation representing other states to high school graduates.

All visitors, regardless of status or reason for coming, are cordially received. They let us know that TEC is an important feature in Greenville and in South Carolina.

An explanation from Mr. Walters

Marvelous!

Others Care for Us

Economic growth with TEC

Attentive ears to an important question

Explaining the "Brain"

Departing with enthusiasm

"Yes, we are proud of TEC"

Great things to come!

Howdy!

TEC Anticipates First

Dignitaries attend groundbreaking

A job well done

Mr. Barton extends welcome to groundbreaking ceremony

Paramedical Center

"We think we can"

Ground was broken on June 7 for a $2 million Health Education Center building on the campus of Greenville TEC. This building will be the first in the United States designed specifically as a paramedical training center.

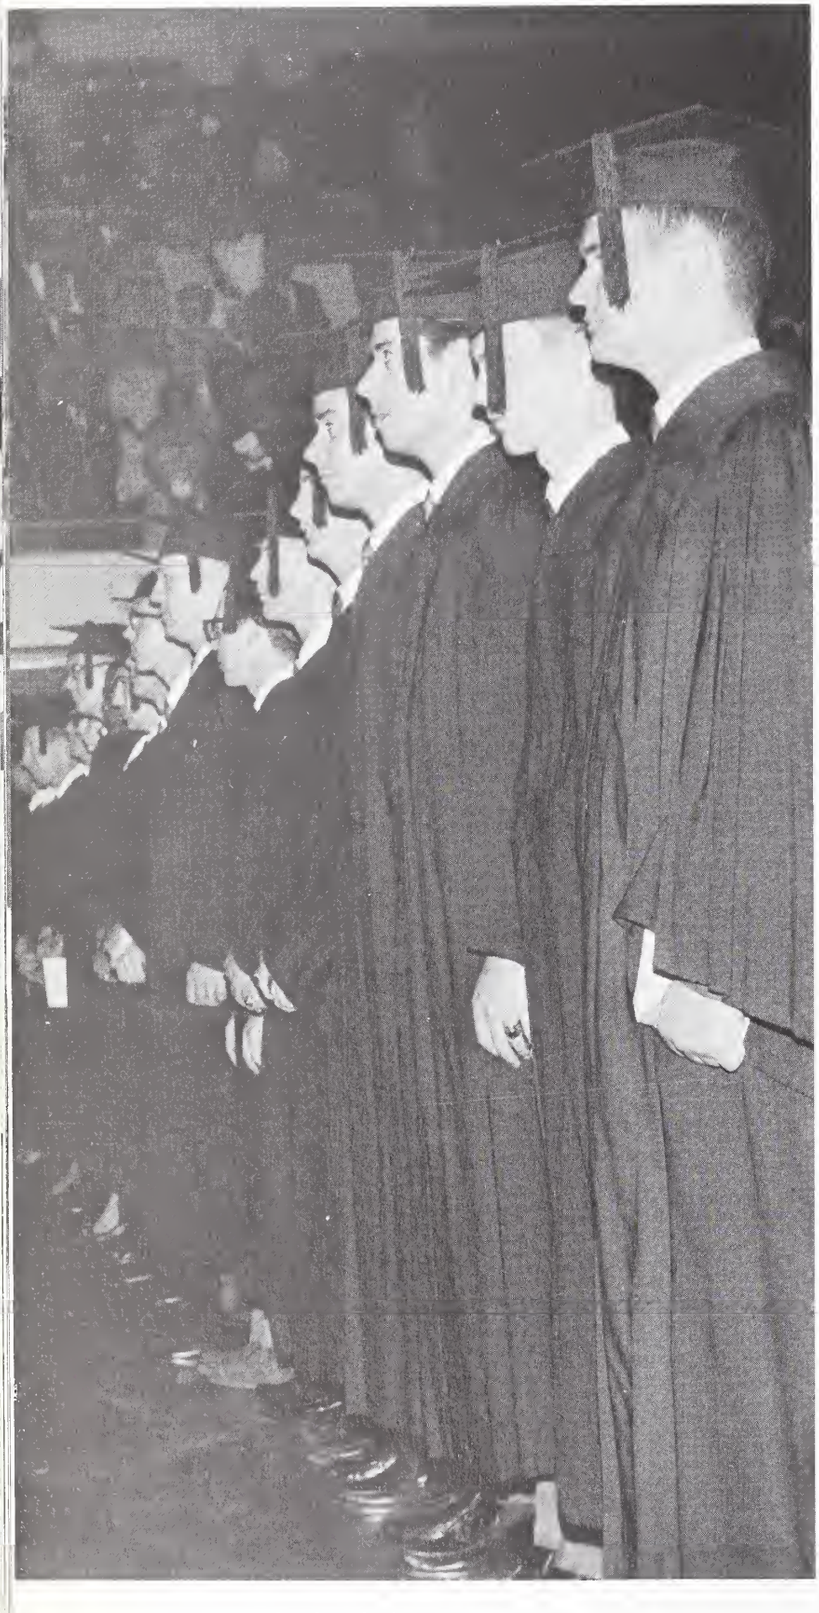
The new three-story structure will cover 64,287 square feet.

When the building, scheduled for September 1968, opens, the curriculum will offer from eight to ten programs. By September 1969, 16 programs in the paramedical field will be offered.

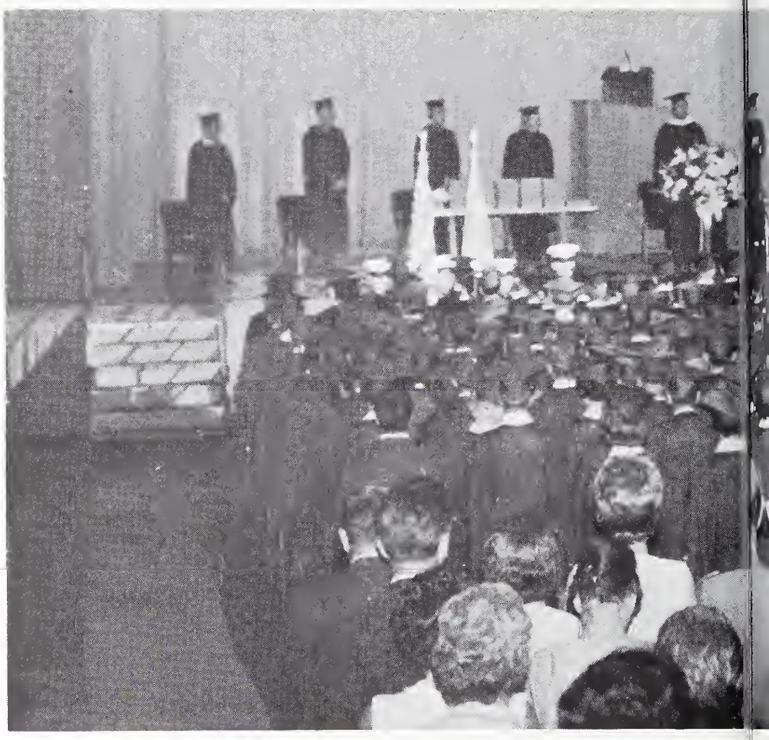
Don C. Garrison has been named to coordinate and administer the health education program.

"We know we can"

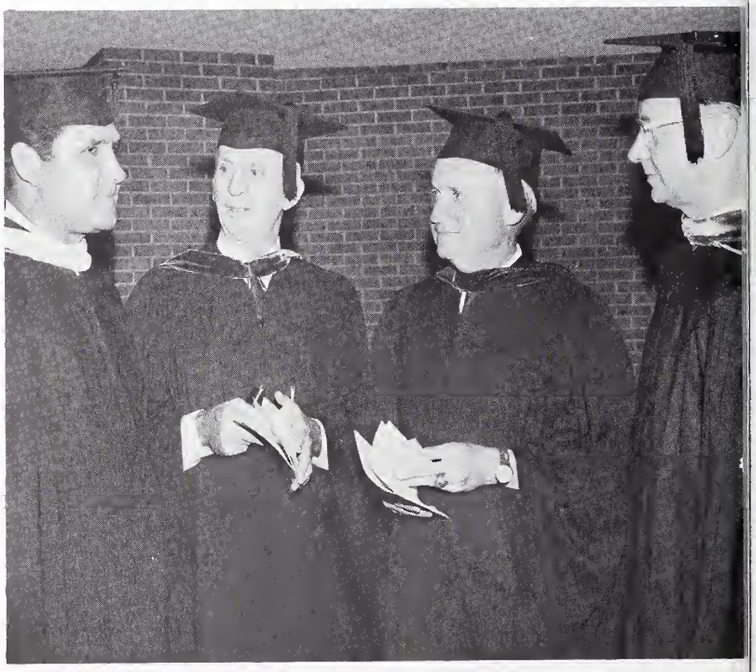
TEC Students Meet Challenges



The reflection of pride and achievement

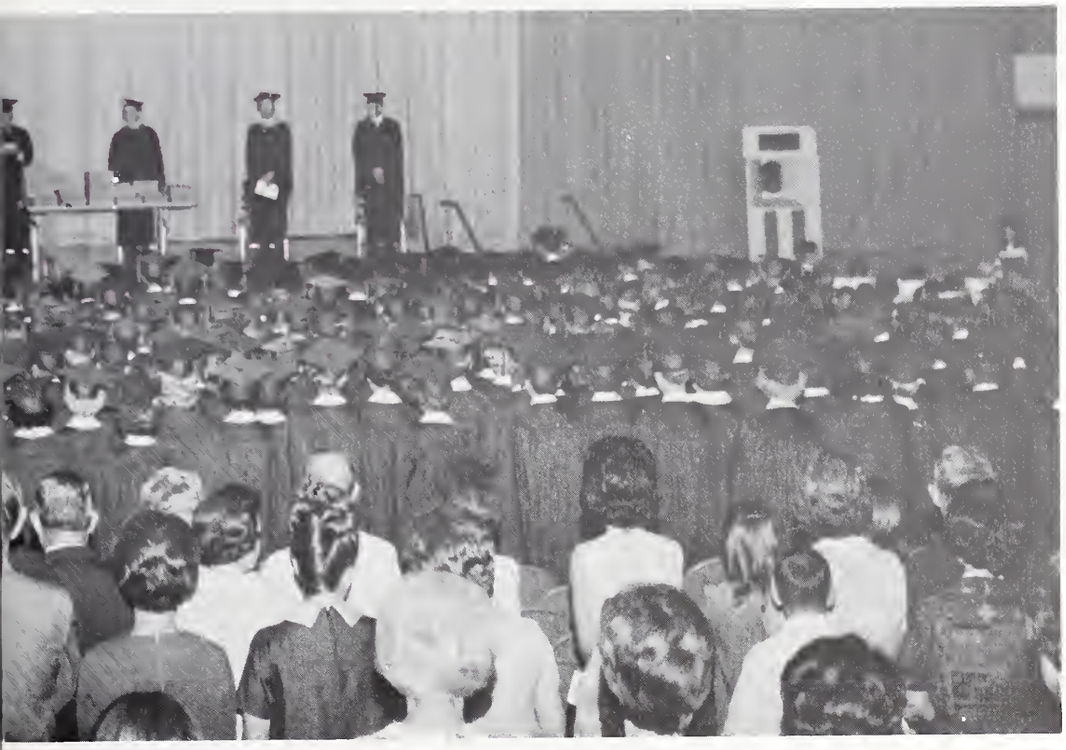


While proud parents look on, awards are received for job well done



Last minute details are talked out by Mr. Barton, Congressman Ashmore, Lt. Governor West, and Mr. Fonda before commencement.

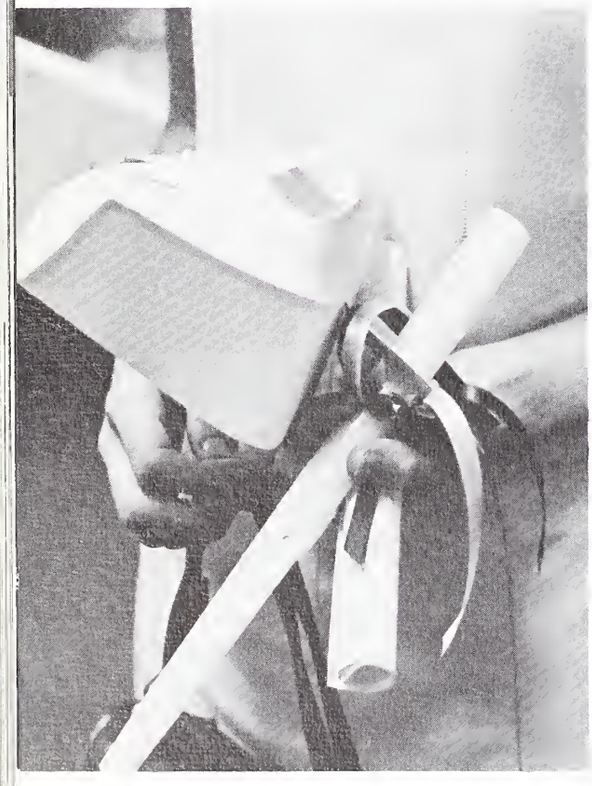
# of Greater Responsibility



Lieutenant Governor John C. West and Congressman Robert T. Ashmore participated in the fourth Annual Commencement exercises of Greenville Technical Education Center held at Greenville Memorial Auditorium on Saturday, August 19.

Thomas E. Barton, Jr., Director of the center, assisted by L. D. Walters, Dean of Instruction, and William Jones, Dean of Students, presented Associate degrees, diplomas, and certificates to 478 graduates.

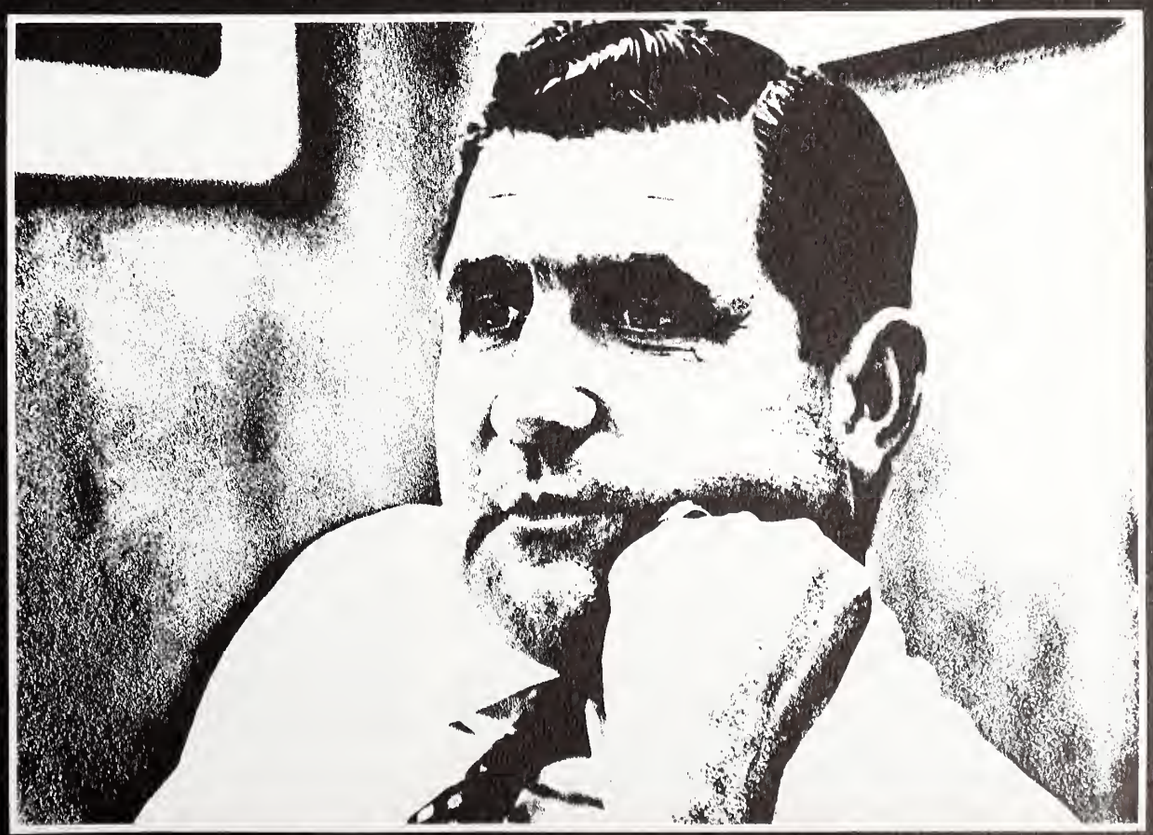
The end to a beginning



Capping Ceremony

The MDTA class of Dental Assistants held a candlelight capping ceremony in the Gold Room at Greenville TEC at eight o'clock, on November 3, 1967. The class, consisting of eight students, was capped with the official American Dental Assistants' Association Cap by Mrs. Nell Roper, C.D.A. president of the Greenville County Dental Assistants Society. Mrs. Ann Powell, C.D.A. acted as marshall for the ceremony. Mr. Thomas Barton, Director of Greenville TEC was the featured speaker for the evening.

Administration



Administration Channels

Mr. John Monley—Coordinotor of Instruction

Miss Mary Michael—Secretory, Director

Mr. Wm. A. Jones, Jr.—Dean of Students

Influence in Many Directions

Mr. Thomas E. Borton, Jr.—Executive Director

These administrative officials, working together, outline goals and procedures which will affect the students, the center, the entire area. Within their own department or as a unit they instigate the extensive plans for center development, student welfare, and educational policies.

The students, the center, and the state are deeply indebted to their efficient and creative handling of this responsibility.

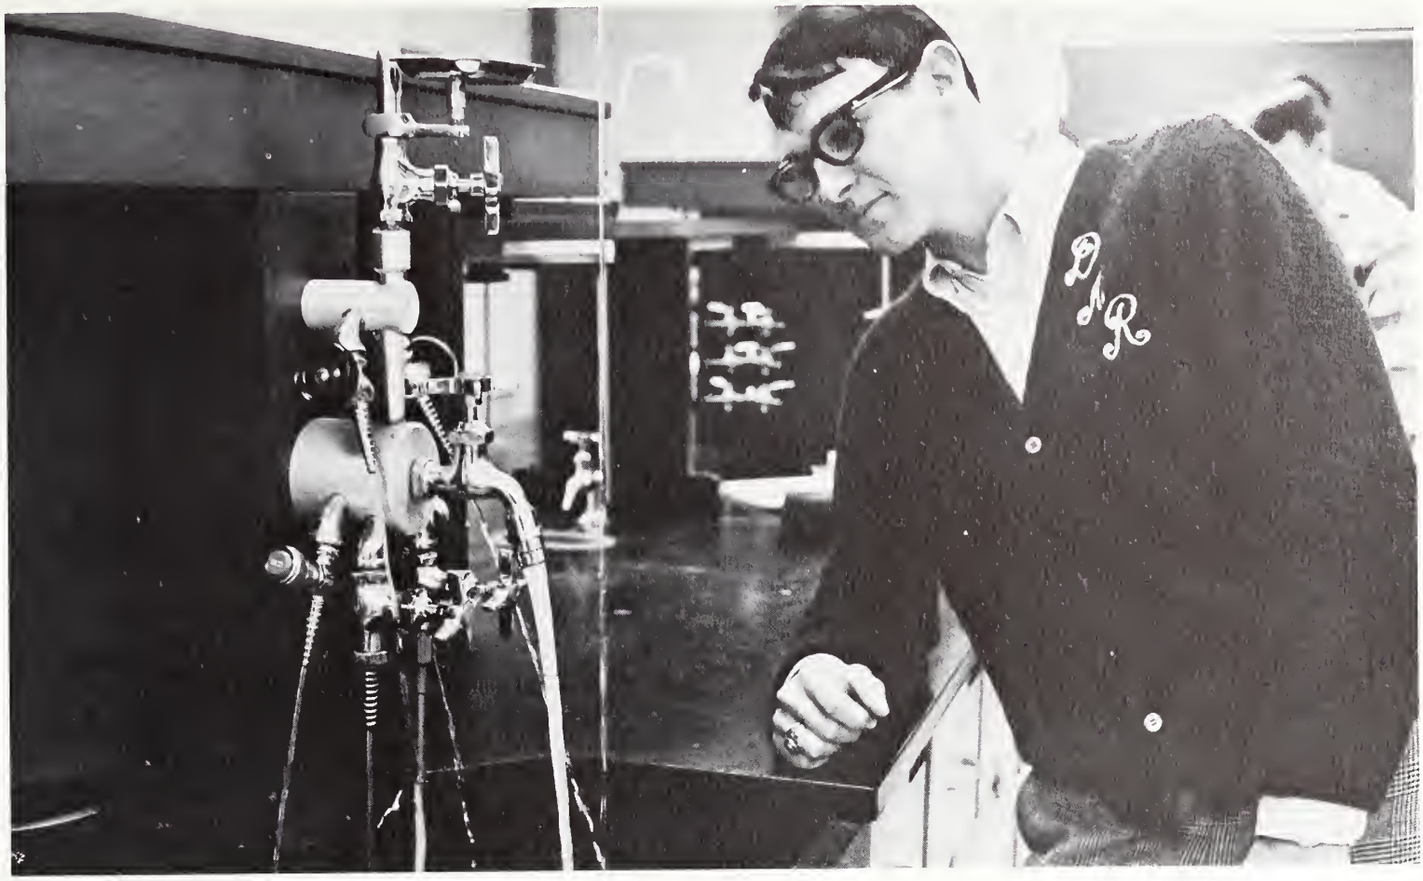
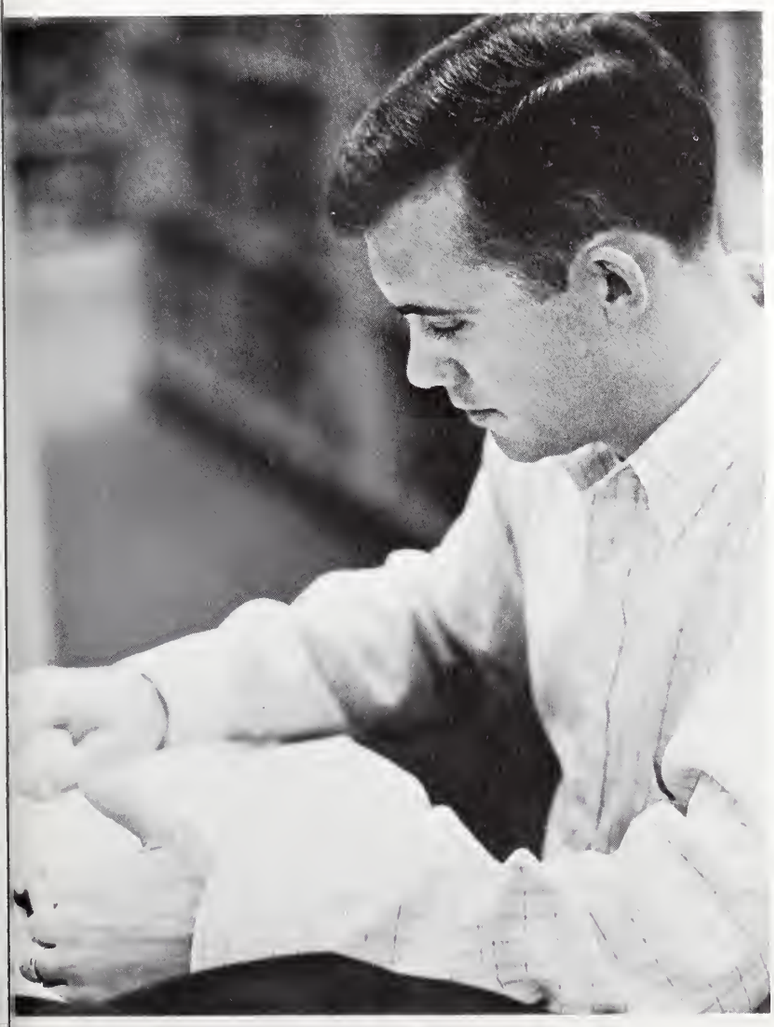
Clemson at Tec

Col. C. L. Thompson—Director

Students enrolled in the Clemson University, college parallel program have become an active part of the Greenville TEC student body. All courses offered in this program at TEC are the same as those given on the main campus in Clemson, S.C., and the instructors are part of the Clemson University faculty. These students may attend the extension for two years and then transfer to the main campus for completion of their college education.

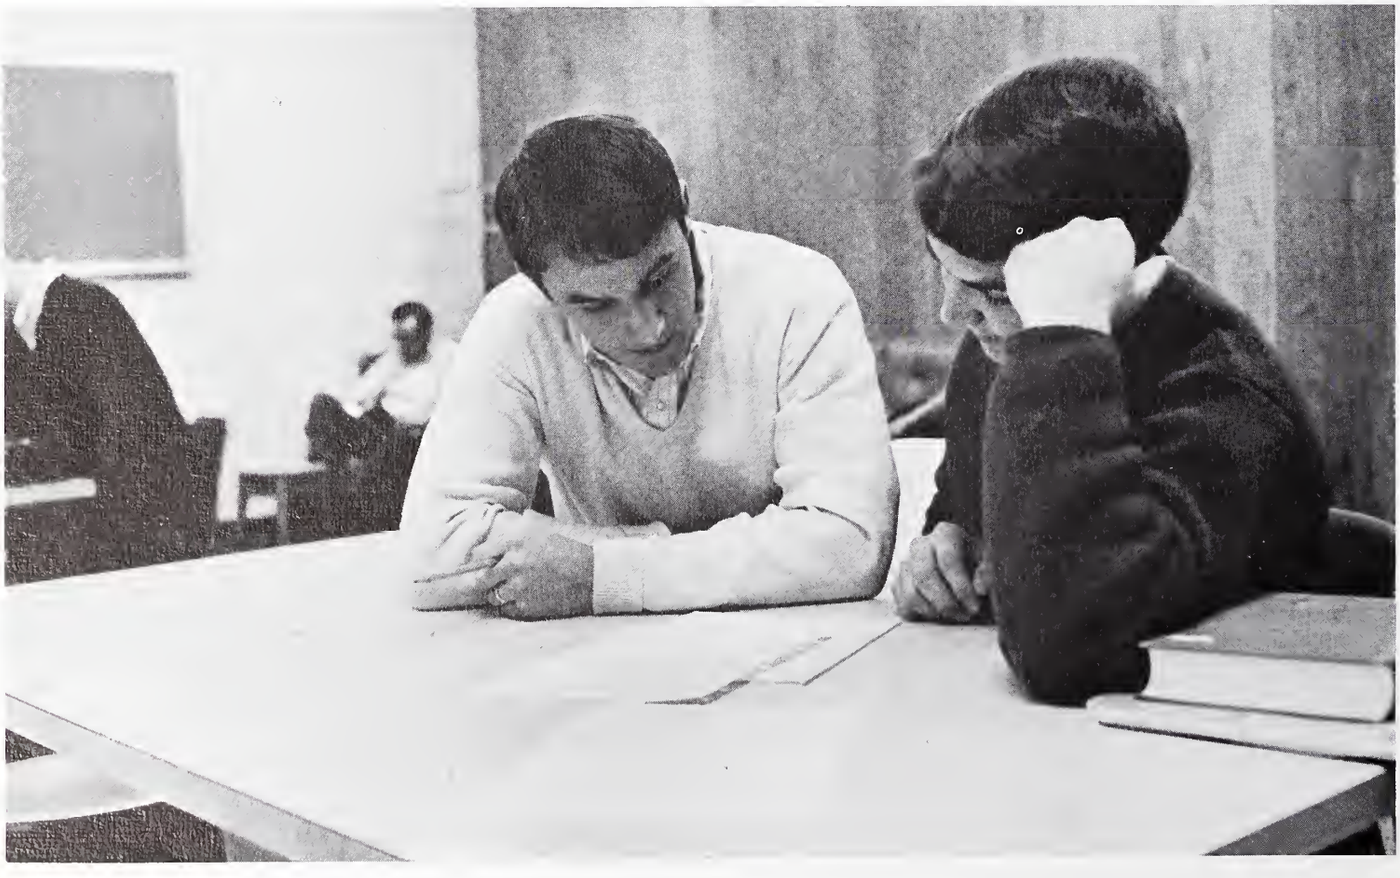
Mrs. Estelle Jenkins—Secretary to Director



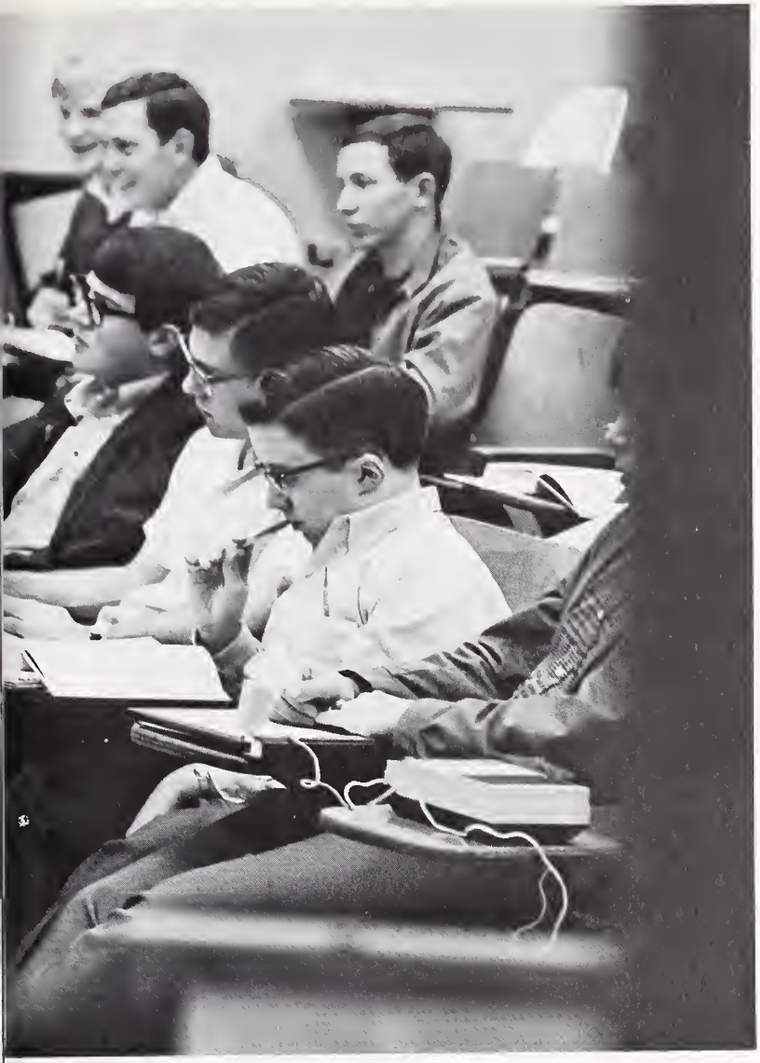


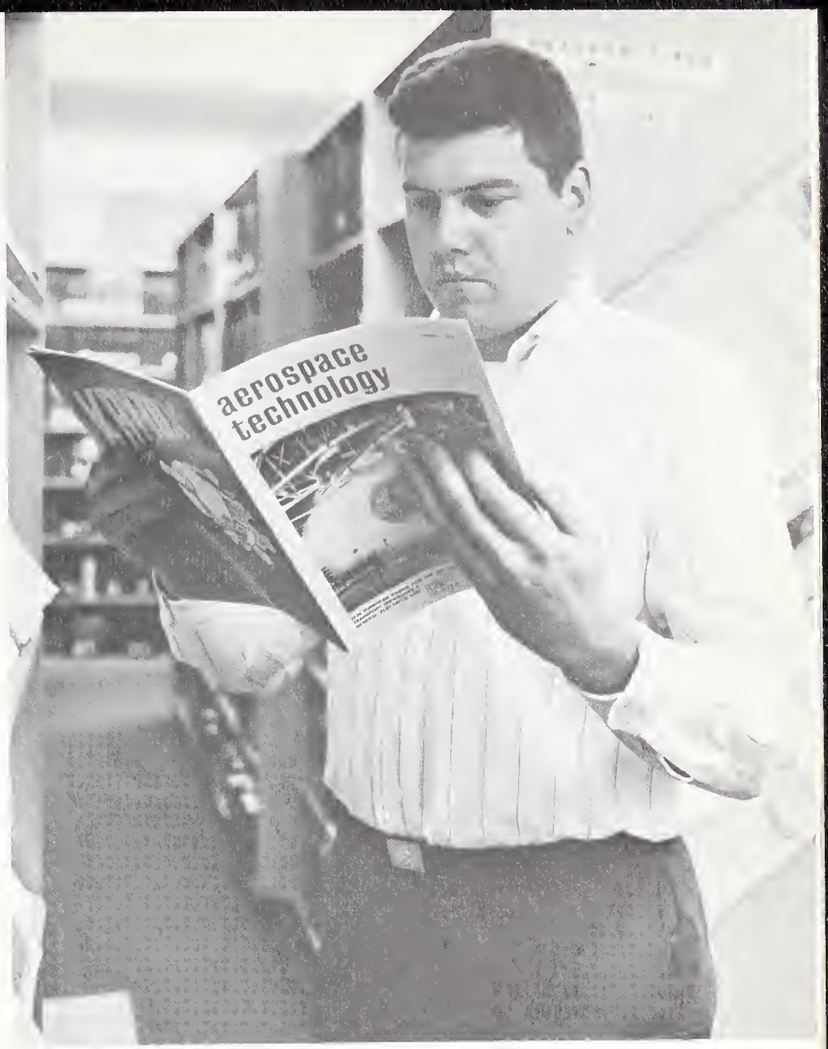
Key to Greater Success

Diane Bryant—Secretary Clemson Division

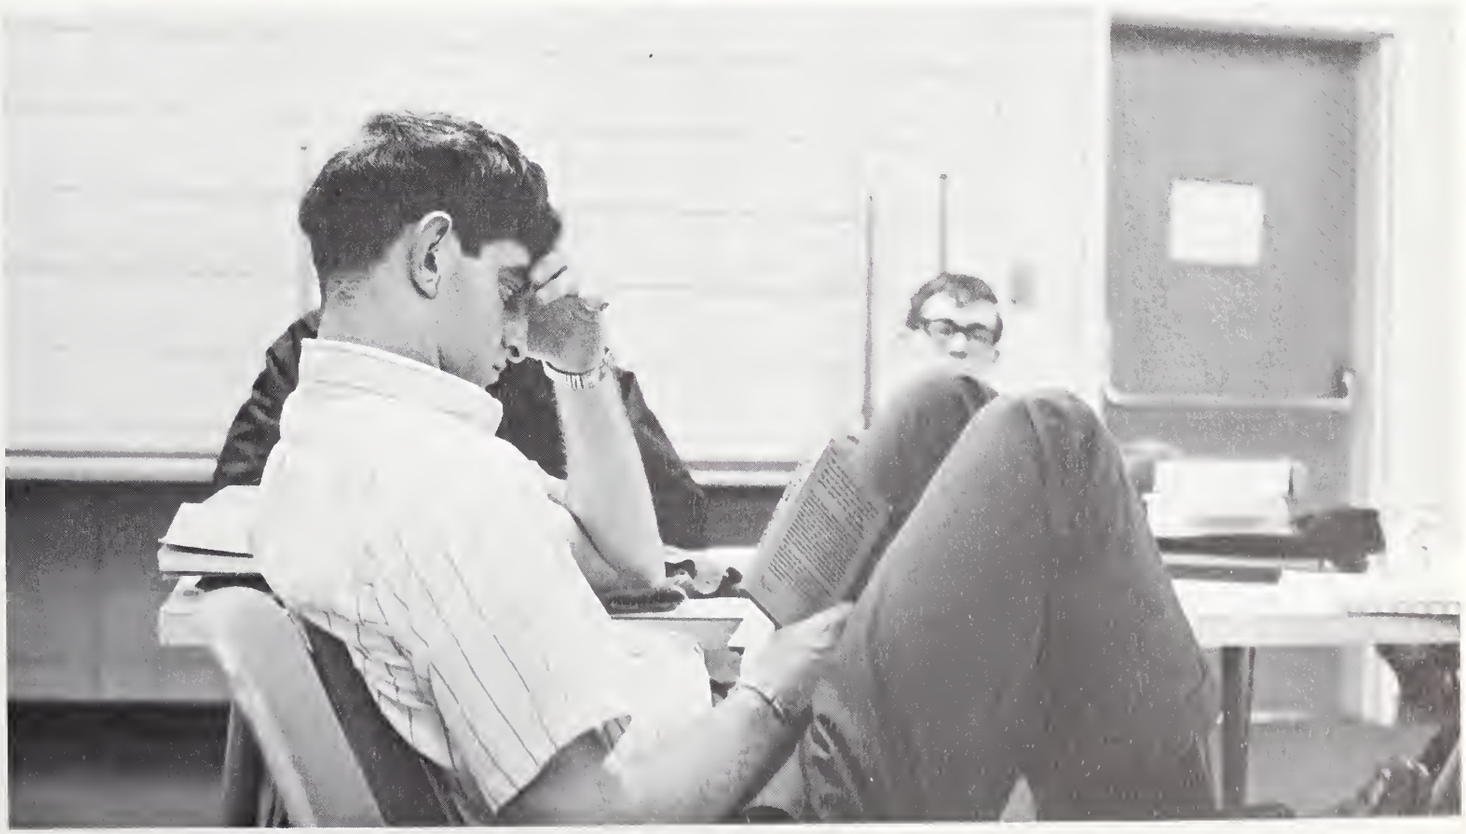


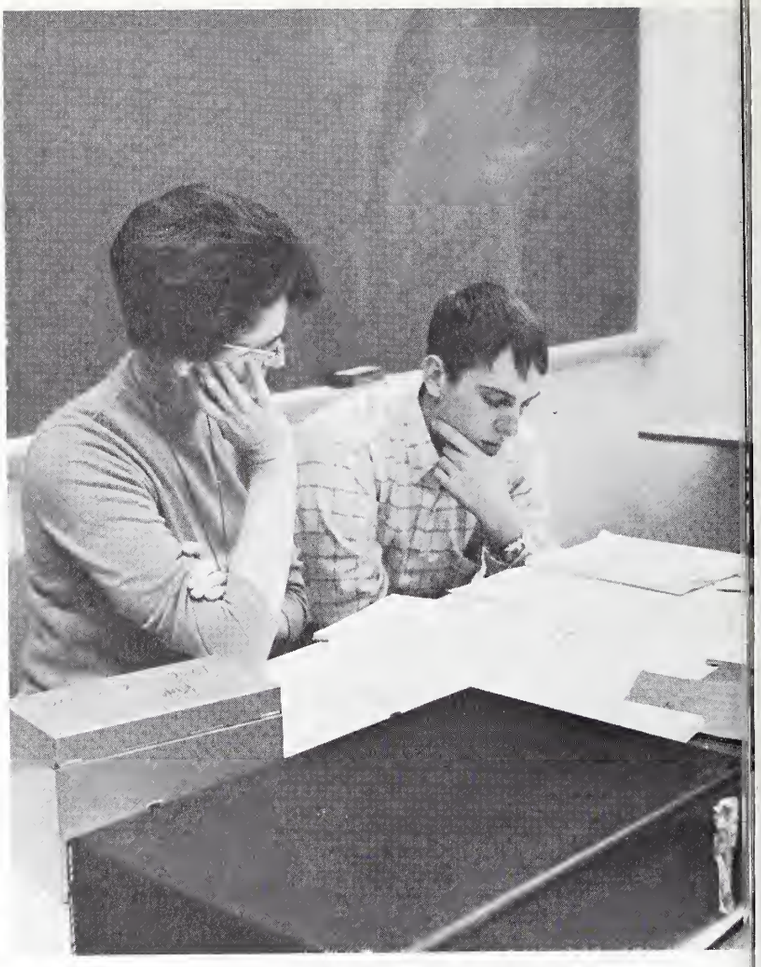
Clemson students at work





TEC's library facilities are used by Clemson students





S.P.A.C.E.

Today many adults have begun to realize the necessity of furthering their educaton. TEC's adult education program enrolls 385 adults in the daytime and 1450 adults at night. These interested persons are involved in the regular TEC courses, completion of high school, and extra-curriculum activities. They are venturing that "second mile" for their own self-improvement.

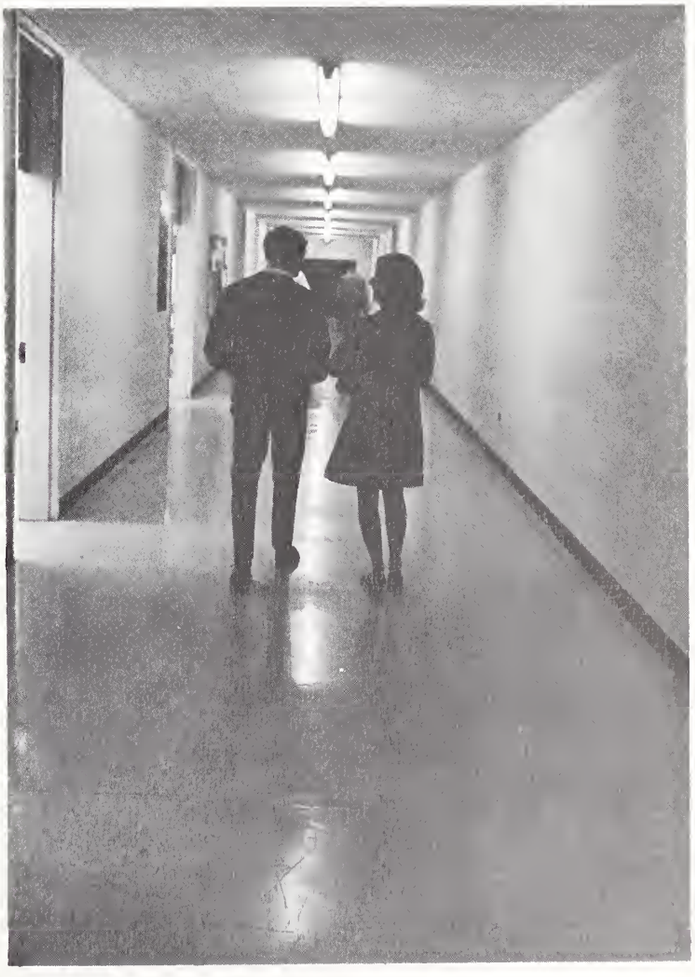
The End of the Day



Autographs

Dr Garrison,
Thankyou for
letting me be the editor
of this yearbook. I have
really enjoyed working on it
and I'm proud of it. You are a
good teacher and at the same
time a friend. I do know that
I'll miss everybody here at TEC. of
course including you.

Always
Jaunia

P.S. I'll help Deana with the yearbook
next year if she needs it.
